Departure from Tokyo to Yamanashi Prefecture

Recreational activity in the bus.

Let's leave the crowded city and blend in with nature.

BBQ, Grape picking [Misaka Plantation]

Arrived at the Misaka plantation, and the first of all had a barbecue. Everyone baked meat and vegetables. Enjoyed talking with the friends surrounding the table who did not have much opportunity to get in touch with each other, and have a good time to eat deliciously.

When the BBQ ends, its time to pick the grapes! Unlike the grape that you buy at the store, the grape here has a very special flavor. Of course, You can eat as you like, not limited but how many of them were you eaten?

Fuji Mountain 【Ooishi Park】

When it comes to Yamanashi, the most famous thing is Mt. Fuji.

Ooishi Park is a peaceful place where you can see Mt. Fuji.

Here, you can enjoy flowers blooming four seasons around the lake. Now is the season of the red leaves of kokia.

On beautiful sunny days, Mt. Fuji becomes more beautiful.
